

News From

Kids Way Cafe

A recent study of the “Millennial Generation” shows it is cool to eat healthy! Eating nutritious foods helps students perform and feel better and contributes to an overall healthy lifestyle, especially when combined with exercise. To assist students in their endeavor to consume healthy foods, this years menu will include more whole grains, vegetables and fresh fruit. In addition, information for students to learn more about healthy eating will be available in the cafeteria to take home and share with their families.

What’s In A Lunch?

Naperville C.U.S.D 203 offers the best meal deal in the area. The combo lunch includes a choice of one entrée, 2 side dishes PLUS Milk. Eaten on a regular basis, school lunches provide one-third of the recommended dietary allowances for many important nutrients.

Debit Card Offers Convenience

The number of students using the debit system to pay for school meals continues to increase! With this system, students make deposits into a personal account. Each time a purchase is made in the cafeteria, their ID card is swiped and the amount of the sale is automatically deducted from the account balance. The cashier will notify the student when the balance is less than \$10.00 so that additional payments may be made if desired. Parents appreciate the convenience and students appreciate the speed with which they can move through the lines. Continuing this year is the option to pay on-line. Just visit “www.sodexhoeducation.com” and follow the prompts to “Naperville” and “On-Line Payments” to set-up your personal account. Cashiers will also be available at the Open House to accept account deposits.

Visit Us on the Web

Are you wondering what’s on the menu at school, what is new in the world of nutrition or even what they serve for lunch at other elementary schools around the world? For the answers, visit us on the **WEB!** Look us up at www.sodexhoeducation.com and follow the prompts to Naperville C.U.S.D. 203.
